ROSEMARY ORGANIC RAW HONEY

All honey varieties are packed by the beekeepers from their own beehives located in Natural Parks. They are exquisite honeys with all its properties intact, originating from Mediterranean rosemary flowers, found in the Natural Parks of Sierra Mariola and La Safor.

These natural parks are located in the province of Alicante and Valencia (Spain) at an altitude of approximately 1,000 meters above sea level.

Origin: Alicante and Valencia (Spain)

Honey Harvesting Period: April and May

Net weight: 300g

Units in a case: 10

Ingredients: 100% Rosemary Organic Raw Honey

Shelf life: 24 months

Tasting Notes:

Visual appearance (Colour): Very clear, almost transparent white.

Aroma: Floral with camphorated tones, not very intense and of medium persistence.

Taste (mouthfeel): sweet taste, with fruity notes and fatty sensation in palate.

Texture (Crystallization): Fast crystallization in small sized crystals.
